## PRESENTS THE WAVELLON FOUNDERS' EDITION COLLECTION

At the crossroads of art, fashion, travel and leisure, Wavellon brings together visual artists and art enthusiasts around exclusive creations that take the form of bespoke limited-edition products, offering inspiring experiences featuring the artist's vision, evocative stories and places.

**GMN:** “*Rick’s Café*” by Corinne Asseraf, Casablanca

**DKR:** “*Sunu Gaal*” by Stephan Senghor, Dakar

**TLV:** “*Merkava*” by Haim Sherrf, Tel Aviv

**YTM:** “*La Chasse Galerie*” by CLAF, Mont-Tremblant

**YUL:** “*Road to Euphoria*” by Hugo Renzo, Montréal

# THE WAVELLON FOUNDERS' EDITION COLLECTION

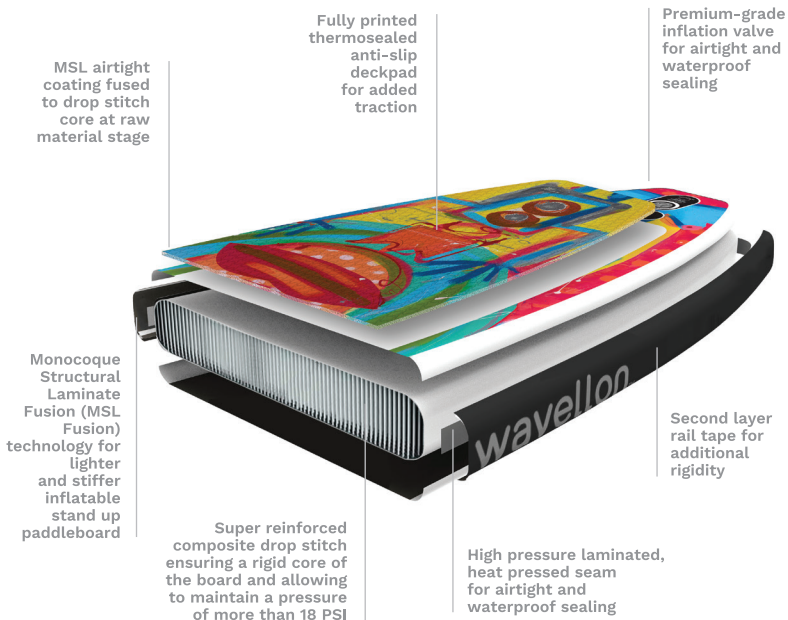

The world's first inflatable paddle boards (iSUP) with an all-over printed design, the Wavellon Founders' Edition collection features five boards, each produced in just 99 copies and featuring bespoke artwork by a Quebec artist. Each board features a numbered authenticity label, the artist's signature and a QR code leading to its full story, the background and vision of the artist as well as the board's technical specifications.

At Wavellon, we pride ourselves on offering best-in-class iSUPs. Made from the latest inflatable board technology called Monocoque Structural Laminate Fusion (MSL Fusion), they offer exemplary lightness and maximum rigidity. Each kit includes the inflatable board, an ultra-lightweight carbon fiber paddle, a carrying bag with wheels, a safety ankle leash, a dual-chamber / triple-action air pump, a repair kit and a waterproof smartphone pouch.

The three removable fins allow maximum stability on the water as well as optimal folding capacity.

Our boards feature a GoPro™ style camera mount as well as four anchor points for attaching a kayak seat (kayak seat not included).
